

Dear Parents,

Congratulations on your child's promotion to sixth grade! The sixth-grade team is looking forward to getting to know you and your child. Sixth grade should be an exciting year for your child.

We would like for all incoming sixth grader to get off to a good start. Our team feels that it is very important that your child practices his/her/their multiplication and division facts over the summer, as these skills are crucial for success in navigating the rigorous math in 6th grade. There are many fun apps and websites you can look for to find flash cards or other ways of practicing these facts. Make it fun! Reading every day will be helpful, as well. Remember to pick books that your child will enjoy. With the computerized testing at the end of the year, word processing is becoming a necessary skill. You can log on to www.typingweb.com for extra practice.

Here are the supplies that your child will need in sixth grade. Please make sure they come to school prepared each day. This also means that their Chromebook needs to be charged nightly, and with them each day.

Student supplies needed:

Spiral notebooks-at least 4 per student

Scissors

Glue sticks

Dry erase marker-1 per student

Pencils and sharpener (covered)

Helpful classroom supplies:

Clorox wipes

Dry Erase markers

Hand sanitizer

Tissues

During the summer, office supply stores and stores like Target and Walmart often run great deals on necessary school supplies. We hope you and your child enjoy your summer. So, go have fun, relax, play, perhaps read a few books. We will see you in August.

Sincerely,

The 6th Grade Team
